Sloan's Liniment is a quick and reliable remedy for lameness in horses and other farm animals.

"Sloan's Liniment surpasses anything on earth for lameness in horses and other farm animals. I would not sleep without it in my stable."

MARTIN DOYLE,
432 West 12th St., New York City.

Good for Swelling and Abscess.
Mr. H. M. Gibbs, of Lawrence, Kan., R. F. D., No. 3, writes: "I had a mare with an abscess on her neck and one 60c bottle of Sloan's Liniment entirely cured her. I keep it all the time for galls and small swellings and for everything about the stock."

SLOAN'S LINIMENT

is a quick and safe remedy for hog cholera.

Governor of Georgia uses Sloan's Liniment for Hog Cholera.

"I heard Gov. Brown (who is quite a farmer) say that he had never lost a hog from cholera and that his remedy always was a tablespoonful of Sloan's Liniment in a gallon of slops, decreasing the dose as the animal improved. Last month Gov. Brown and myself were at the Agricultural College building and in the discussion of the ravages of the disease, Gov. Brown gave the remedy named as 'unfailing'."

DR. HESS & CLARK
make the "widest open guarantee proposition" ever offered to farmers in this vicinity.

READ THEIR LETTER

D. H. McHUGH,
Middlebury, Vt.

Dear Sir:—
We want every stock raiser that comes into your store this Fall to go home with a package, sack or pail of DR. HESS STOCK TONIC. This is asking a good deal perhaps, but if you will read the conditions of this request we believe you will agree with us that there is not a single, solitary farmer in your whole community that would not avail himself of this opportunity. Here it is:—
Mr. Feeder:—
Take home from your dealer's store a package, sack or pail, or a ton if you like of Dr. Hess Stock Tonic, feed it to your horses, cows, hogs, etc. all Winter and Spring. It costs less than a penny a day for a horse, cow or steer, and 8c. per month for the average hog. If, after it is used you are not satisfied with the extra profit it has made you, in increased growth and milk production, besides keeping your animals healthy and free from worms, take back the empty packages and your dealer is compelled to refund your money."

We authorize you to make the same iron-clad guarantee on DR. HESS STOCK TONIC, Poultry Pan-a-Ce-A, to make hens lay, to shorten the molting period.
INSTANT LOUSE KILLER we guarantee to destroy lice on horses, cattle, sheep ticks, etc.
Refund every cent if these preparations fail and we will reimburse you.
Very truly yours,
DR. HESS & CLARK.

To meet the demand of this guarantee, we have a large stock of Dr. Hess Stock Tonic, Poultry Pan-a-Ce-A, Etc. on hand. Come in and take home any quantity you desire. We will have more goods on the way, so we can supply every customer.

The Hyde Park Savings Bank

Passed the Two and One-Half Million Dollar Milestone January 1st

On the 21st day of January, 1889, the Hyde Park Savings Bank opened its doors to the public. On the first day of January 1913, its assets were \$2,515,910.98.

For twenty-four years it has been a leading factor in the development, progress and growth of every business enterprise, within its legitimate sphere of business, which has applied to it for financial assistance and backing.

In these twenty-four years we have passed through two monetary or business panics, panics so severe in the financial world that the great majority of the banks of the country were compelled to withhold financial aid to those who asked therefor.

But during all these years the Lamoille County Savings Bank and Trust Co. has never declined a loan asked for by any business interest of Lamoille County, or, indeed, of any other County in Vermont which could legitimately expect to be cared for by this bank.

It has been a pillar of strength which has never failed in times of direst financial stress.

It extends its kindly greetings to Vermonters everywhere as it commences its twenty-fifth year of substantial progress, and suggests that when you have any surplus money to deposit at 4 per cent.—all taxes paid by the Bank—you make your deposit with the Hyde Park Bank, feeling the fullest assurance that in so doing you will place your money where it is safe beyond a reasonable doubt.

The Hyde Park Savings Bank has an earned surplus of \$97,342.35; its capital and stockholders' liability is \$100,000.00 so that before any depositor could suffer a loss, the bank would have to lose \$197,342.35.

That such a loss is entirely improbable is evidenced by the fact that in the twenty-four years of the bank's existence it has never lost a dollar by a poor note and believes that today every dollar of its assets, whether in notes, bank stocks or bonds, is good beyond a reasonable doubt.

Write to the President, Carroll S. Page, or Treasurer, F. M. Culver, for its January 1st, 1913, statement. It is interesting reading.—News and Citizen.

OBITUARY.

MRS. EMBELINE (HARVEY) GALE.

Mrs. Emeline (Harvey) Gale, widow of the late Samuel S. Gale, died suddenly on the morning of February 17th, at her home in Cornwall of heart disease. He married when about thirty-five years of age, Sara Cook of Bridport, who died in 1872. For many years he had made his home with his nephew, J. W. Atwood, where he received the kindest care and consideration. His funeral was attended from the home on Wednesday, February 26, Rev. Samuel Rose officiating. Afternoon studies at the college were omitted to give the students a chance to attend the funeral service and the church was filled almost to the limit of its capacity. President John M. Thomas of the college and Rev. Richard B. Esten, pastor of the church, made brief but appropriate remarks and the regular quartet of the church furnished excellent singing which was supplemented by a solo sung by Mrs. A. D. Barter. Miss Clark had been a teacher in the Sunday school in the local Baptist church.

Wait Paint.

There are painters and waiters. Which am I going to do? Paint or wait? Which is better?

How much am I worth with my property waiting? How much if I paint? Will my house be worth more or less if I paint?

Say it costs \$2.00 a gallon Devco—I wouldn't paint any other—and \$3 or \$4 more for putting it on. That's \$50 or \$60 a 10-gallon job.

The money is gone. Is it in the house? Is it all in the house?

Suppose I were selling; what should I get for that house fresh-painted and what should I get for it needing paint? I wonder why men paint before selling? A. Calhoun & Son sell it. adv.

IN MEMORY OF JOSEPH BURKE.

Veteran of the Civil War and member of Co. B, 11th regiment, Vermont volunteers.

(Written by Angie C. Lamb.)

He has left his home in the valley,
He has gone to return no more,
And joined the veteran rally
Away on the evergreen shore.
He has met his fallen comrade,
Who fought with him side by side
To save the flag of our country,
On the battle field they died.
He was wounded while guarding Wash-
ington,

Obedient to his country's call,
Though many years he lingered,
He died from that fatal ball.
He rests from those weary marches
He endured on the Southern shore,
And joined the faithful army,
Where battle is fought no more.
We laid him away to slumber
Among the true and brave,
When the day shall come to decorate
We'll not forget his grave.
